Welcome!

What is Sprouts Day Camp?

At Sprouts Day Camp, kids will laugh a lot as they go through the day learning more about themselves, each other, and God! Your child will find that at Park River Bible Camp, it's easy to make friends and lots of them! Sprouts Day Camp is for campers who have completed Kindergarten through 6th grade. From June 3rd until August 16th, Sprouts Day Camp will operate

Program Pricing

We seek to provide reasonable pricing for our campers. There is a one time \$50 deposit per child for their first week of Sprouts Day Camp to secure their placement for the summer.

Cost is \$140/week per child. Each additional child after the first will be \$100/week. Drop-ins are available for \$50/day. These prices include breakfast, lunch, and an afternoon snack (not pop shop.)

Important Information

What to bring?

Each day will bring about a variety of activities so it's best to be prepared.

- Bible: Campers will have a cubby where they may leave their bible at camp
- Swimsuit and Towel: we will be using the super slide or doing other water games each day.
- Athletic Shoes: campers will be running around and being active each day. Something with a back is recommended. Flip flops may be brought to wear during water games but we encourage to bring a more durable pair of shoes to wear all day
- Any and all medication that will be needed. Our onsite nurse or medic will administer at the appropriate times
- We will have a rest time each day, as we do not provide bedding, if campers would like to bring a blanket, pillow, or sleeping bag to lay on they may. We will have a designated space to store these if you are OK with leaving these items at camp. However, we are not liable for lost or stolen items

Standing Physician's Orders

We want to look out not only for your child's spiritual and emotional well-being, but also their physical well-being. All of our staff are Heartsaver CPR and AED certified. We also have an R.N. as the head of our medical staff and standing physician's orders for the use of the following treatments for appropriate circumstances and as directed: *Tylenol (acetaminophen), ibuprofen, Claritin (Loratadine), Benadryl (Diphenhydramine), EpiPen, Orajel, Robitussin CF, Multi-Symptom Cold/Flu Softgels, Tums, Roloids: Multisymptom, Swim Ear, Eye Wash (eye irrigation solution), and/or other topical creams and lotions as per PRBC's physician approved standing orders.*
